re: 09/883,936

Dear Examiner,

My apologies for the elements of the filing that did not meet the requirements of the USPTO.

Enclosed is the corrected page from the specification which included a copy element that was not mechanically typed. *(Page 9 from the application.)*

Further, the drawings submitted are returned with the proper margins indicated.

I hope this addresses the two elements detailed in the 8/14/01 correspondence from the initial examination division

Best,
